Anaphylaxis Campaign

Support Group Hosts

Our support groups are rapidly growing but we have very few running in NI to help those living with allergies and their families. We are therefore seeking volunteers to host a group in their local area. Support groups are an excellent way to meet others who are themselves living with, or who have a child living with severe allergy, in an informal setting to share advice, experience and swap tips. You do not need any previous experience, you will get help and advice of representatives of the Anaphylaxis Campaign.
